Education

Bachelor of Science (Physics) University of the Fraser Valley

Computing Science Diploma

Thompson Rivers University

Employment

AI Data Trainer

DataAnnotation Tech

Wrote and corrected code-related prompts for a variety of popular chatbots. Instructed the chatbots in a variety of programming languages, including Java, C, PHP, HTML and Swift.

Jeremy Kievit

Math Instructor

Mathnasium Learning Center

Taught high school, middle, and elementary school math to students in a group setting using the patented Mathnasium learning model.

Apprentice Roofer

Homan Roofing

Trained in industrial roofing for three years, both technically (in class) and on-site. Developed vital leadership and organizational skills by learning continuously in a physically demanding, high-pressure environment where safety and quality assurance were always the utmost priority.

Projects

iOS Development Bootcamp (Three Projects)

Available at https://github.com/JeremyKievit

- Took Udacity's online iOS Developer Nanodegree program and used the knowledge gained to complete three fully functional applications.
- Each application was self-directed and incorporated the core iOS concepts, including UIKit, network requests, concurrency, GCD, and Core Data.

SwiftUI Game

Repository available upon request.

- Built a simple but challenging turn-based game where two players race to add the most squares to the screen, one line at at time.
- Overcame a series of technical challenges, including the math to construct the grid, draw lines and display and recognize squares.

Online Store App and DBMS

Repository available upon request.

- Used background in Swift and DBMS to develop the front and back end for an online store application.
- Designed a complete relational database and migrated the design from MySQL to Core Data.

Technical Skills

- Languages: Java, Python, Javascript/HTML/CSS, C, PHP, SQL
- Frameworks and Libraries: UIKit, CoreData, Firebase
- Tools: Git, Xcode, phpMyAdmin, VS Code, Illustrator and Figma

2019 - 2022

2023 - (2025) GPA: 3.7 (Overall)

Apr 2024 - Sep 2024

2022 - (2026) GPA: 3.8 (Overall)

Jan 2023 - Nov 2023
